

I&E Committee Meeting Notes  
October 2, 2007

Present at the meeting:  
Tom Konsler, Chairman  
Tim Bannister  
Cory Brantley  
Everett Coates  
Toney Jacobs  
Wayne Jones  
Jim McSwain  
Shankar Mistry

The meeting notes from the August 7, 2007 meeting were approved.

Old Business

Premier Tech: H3 Model Controlled Demonstration Approval (Mike McCulley)

- The Committee would like to see a copy of the effluent sampling protocol and the Operation and Maintenance manual placed on the web page
- A second pump was mentioned as being potentially available for this unit also
- The second pump would be checked into by the Company and the Section
- Committee voted to recommend approval of the Premier Tech Controlled Demonstration Approval with changes as needed with respect to a second pump, with Cory Brantley, Wayne Jones, and Jim McSwain abstaining from voting

Premier Tech H-1 Innovative Approval document was provided to the group as an informational item showing the latest revisions.

Off-Site Systems

Scott Greene with Guilford County Environmental Health requested that the committee consider the appropriateness of submitting a proposal for Offsite Wastewater Systems as an innovative system.

- After discussion regarding the lack of specificity in the current on-site rules, the committee determined they would be open to considering a proposal for off-site systems
- The Committee would like to see a proposal in writing

New Business

Bio-Microbics: FAST Innovative Approval (Allison Blodig)

- The Subcommittee would be open to Vic D'Amato attending the subcommittee meetings if the applicant so chooses
- Subcommittee members – Tom Konsler, Jim McSwain, Shankar Mistry
- Project Manager – Lorna Withrow

EZFlow may submit a proposal for revision of their existing system approval to replace the paper backfill barrier with a geotextile fabric incorporated into the netting.

Updates

Aquaworx Remediator

- Still in subcommittee

Aquaworx Drip Irrigation

- Waiting on emitter information from the company

EZ Flow Deep Installation

- Waiting on third party information from the company

EZ Drip System

- Thirty days posting will be finished middle of October

Flow Tech

- Still in subcommittee
