## LEAD RISK ASSESSMENT QUESTIONNAIRE

**Patient's Name:**

**Medical Record Number:**

**Purpose:** For clinical use to identify children who need to be tested for lead exposure.

**Instructions:** At 12 and again at 24 months of age (or at the time of the clinic visit closest to these ages) determine the zip code for all children. Note: If the mailing and residential addresses are not the same, use the zip code of the physical address where the child lives. Also determine the zip code for children between 24 and 72 months of age who have never been tested or for whom testing status is unknown. Conduct a blood lead test for all children who live in one of the high risk zip codes listed on the back of this page. For children who do not live in a high risk zip code ask the assessment questions below. Conduct a blood lead test if the answer to any question is **yes** or **I don't know**.

**Reordering Information:** Additional copies of this form may be ordered from:
