MEMORANDUM

To: Local Health Directors, Supervisors and Coordinators
From: Susan C. Grayson, Head
Dairy and Food Protection Branch
Subject: Ratified House Bill 1506

House Bill 1506 “ An Act To Require Establishments That Prepare or Serve Food To A Certain Number Of Regular Boarders Or Permanent Houseguests Comply With State Food Sanitation Requirements” was ratified on June 30 and signed by the Governor on July 5, 2000. This legislation is now law and may be seen at the following website: <http://www.ncleg.net/html1999/bills/currentversion/ratified/house/hbil1506.full.html>
A copy is also attached.

Food service establishments serving people for a week or longer have been exempt as “boarding homes”, due to the definitions of “permanent houseguest” [G.S. 130A-247(1a)] and “regular boarder” [G.S. 130A-247(3)]. This included cafeterias serving retirement communities where food was typically purchased by the month. [Refer to G.S. 130A-250 (3)]

House Bill 1506 specifies that establishments serving food for pay:

- ◆ to 13 or more persons who are disabled or over-55 years of age,
- ◆ who might be otherwise termed houseguests or regular boarders
- ◆ where the establishment is not regulated under G.S. 130A-235 (the institutional and residential care rules), will begin meeting the restaurant rules on July 1, 2001.

However, there are, under the bill, two classes of these establishments:

- (1) Those establishments **in operation as of July 1, 2000** may continue to function with the equipment they had in place on July 1, 2000 (provided no imminent hazard exists). This equipment will be accepted at the time of permitting (July 1, 2001) and may be used until it creates an Imminent hazard or the operator chooses to replace it. As that original equipment is replaced, it will be replaced with equipment meeting the restaurant rules. Construction (floors, walls, ceilings, lighting, bathrooms and other aspects of the physical facility.) is handled differently. Construction changes can only be required if an imminent hazard exists.
- (2) Those establishments that **began operation after July 1, 2000** will have to meet all the restaurant rules as of the date of permitting (July 1, 2001 or later).

Note that this change in the law will take effect on July 1, 2001. In the coming months, locate the establishments in your area which might fall under this law. It is suggested that you contact the local Council on Aging and Social Services Agency for their assistance in locating facilities serving such populations. You may also wish to look in the phone book under “Retirement & Life Care Communities & Homes”. Please make these establishments aware

of the law. Provide them with a copy of the "Rules Governing the Sanitation of Restaurants and Other Foodhandling Establishments" and provide walkthroughs. When making walkthroughs, please record information about whether or not they were in operation on July 1, 2000 and about the equipment currently in place. If you are aware of a food safety manager's training course in your area, you might also wish to provide the establishment with information regarding the course. Please make every effort to inform the establishments in your county which might be affected and prepare them to be ready on July 1, 2001.
